REPORTAGE

25-02-2024

*This day, was devoted to welcoming the Spanish, Turkish and French girls. The Spanish ones were immediately hosted by the families while the Turkish and French friends were accommodated at the hotel. Once we settled, we met and we spent the whole Sunday evening to get to know each other and to hang out. We returned home early because on the next day the activities were about to start.*

*The next day at 10:00 we went to school and introduced ourselves to all the partners. At 10:30 our Principal, Mrs Giovanna Mugione, welcomed all the countries and then we showed our school. At 11:00 there was a coffee break and for lunch Miss Ferrara generously offered us her tavern where we spent time together until 17:00. In the evening we hanged out with the Spanish girls and that was amazing.*

*On this day, activities started at 10:30 and we were pleased to welcome Antonio Citro a former student of our Institute and now a very skilled and talented make up artist.*

*After his presentation and practical workshop, a coffee break followed and*

*then the Science Teacher Irene Gelsomino, gave us a lecture about how a healthy lifestyle is recommended for our skin.*

*At 13:30 we headed towards Casoria train station direction Naples. Once there, we visited the old town and the city center.*

*Back from Naples, although we were tired, we all gathered to spend time together.*

28-02-2024

*On the third day, we gathered at 9:00 outside school to leave towards the excavations of Pompeii. After having visited the ruins, at about 12:30 we headed to the city of Sorrento where we spent all the afternoon. Around 17:00 we got on the bus and we went back home*

29-02-2024

*This day began with the delivery of certificates from our headmistress. So we went to school at 10:00. After that, we started the activities with the "logo contest" that would represent the project.*

*The winner was Italy.*

*Right after, Mrs Gelsomino*

*entertained us with an educational activity connected to what we dealt with on the*

*previous day. We had lunch*

*at school and at 14:15 we were*

*reached by Mrs Laura Russo*

*and Mrs Mariella Acone, two*

*wonderful Biology Teachers and Science lab directors, who gave us the possibility of*

*realizing*

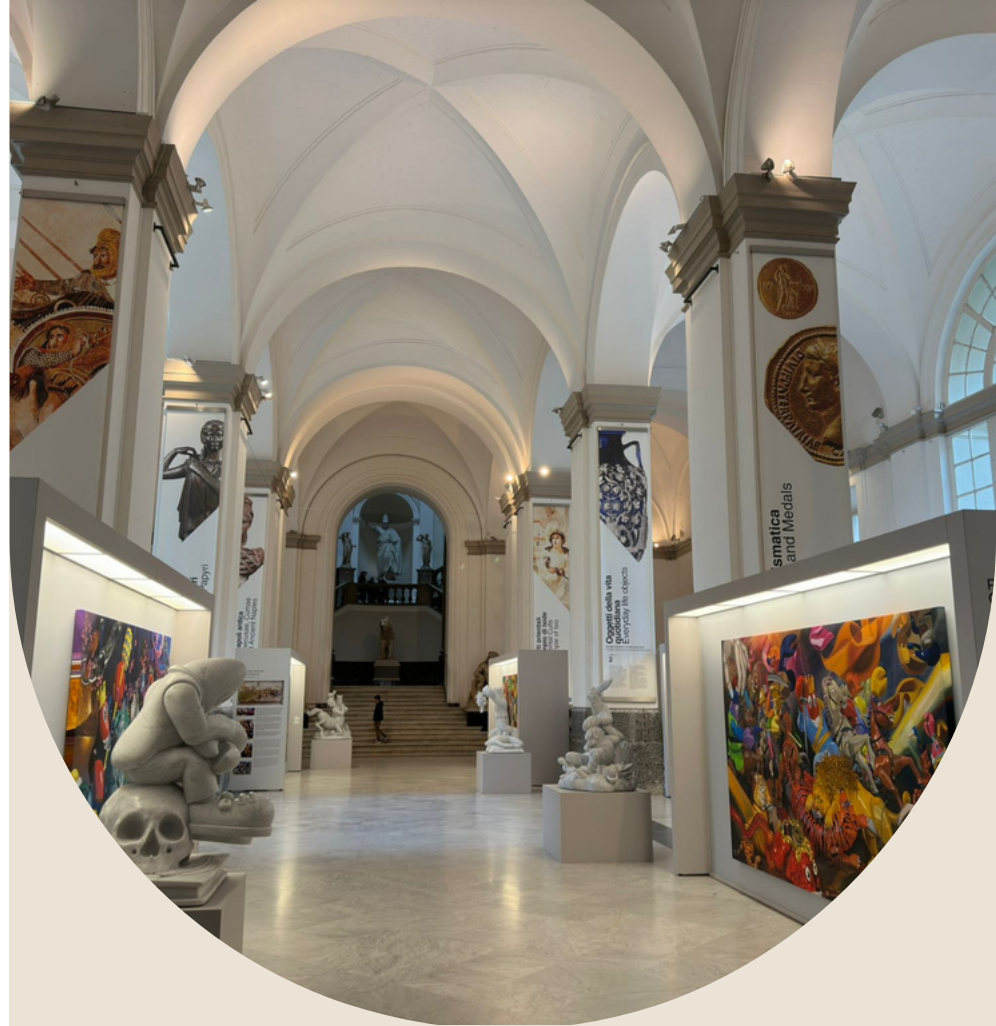

*bath bombs and lip balms.*

*On the last day, the departure day, we all felt very blue but at the same time happy because we were aware to have created ties that will last forever. In the morning we reached Naples. We were about to visit the Botanical Garden, but it was closed due to the weather.*

*Once in Naples, we visited the MANN and when the visit was over, the Turkish and the French girls greeted us because the same evening they would have left for good. On the contrary, we spent the last evening with the Spanish girls.*

02-03-2024

*Since it was the last day for Spanish girls, we have decided to have lunch together.*

*After having had our last lunch together,*

*also for the Spanish girls the sad moment to say goodbye arrived.*

*After so many tears, promises made, hugs and kisses,*

*at 10:30 pm the girls flew for Barcelona knowing that it'll be goodbye but not a farewell.*
